CORE — 5 MINUTES

Bird Dog Crunch — 15 each side
Begin on your hands and knees. Extend one arm forward and the opposite leg backward, then bring your elbow and knee together underneath your torso. Re-extend with control before repeating.

Super Woman Hold — 15 sec hold, 15 sec rest
Lie face down with your arms extended overhead. Lift your chest, arms, and legs slightly off the floor and hold. Keep your neck neutral and focus on creating length through your body rather than lifting as high as possible.

Extend 1 leg slightly in front of you with your heel grounded and toes lifted. Push your hips backward and hinge forward while keeping your spine long.
